

Yard Operators – Job Specification

Job Title: Yard Operator (Days and Afternoons)

Job Location: Tunstall, Stoke on Trent, Staffordshire, UK

Salary: £21,500 p.a.

Contact: david.morgan@cobaltenergy.co.uk

Job Purpose: Stoke Operations Limited (SOL) are an Operation and Maintenance (O&M) service provider who have been awarded a 5-year agreement to operate and maintain a new Clinical Waste Incinerator Facility, located near Tunstall, Stoke on Trent, Staffordshire. The Facility is owned by Clinitek (Stoke) LLP and will process up to 16000 tonnes of clinical waste per annum whilst generating electricity for export. SOL is a subsidiary of Cobalt Energy Limited (CEL) who are a renowned thermal renewables and environmental engineering, service provider. CEL have been established for over a decade and have been successfully operating in the renewable power generation sector throughout this period.

SOL are looking to appoint **2** Yard Operators to enact the safe and reliable operation of the new facility. The Yard Operators will be employed during the construction phase of the project to ensure plant and process knowledge is established, necessary training is undertaken and to assist the Engineering, Procurement and Construction (EPC) contractors with the plant operation during the hot commissioning phase. The Yard Operators will report to the designated General Operator on-shift and will be employed on a 40 hours per week, Monday to Friday, days, and afternoons basis.

Job Duties:

- Booking in/out delivery and collection vehicles.
- Undertaking flagman/banksman duties with delivery and collection vehicles up to and including HGV.
- Moving and parking trailers, up to 40' length by means of driving a tug \ shunter vehicle.
- Supporting the unloading, loading and storage operations of fuel (clinical waste) receptacles (predominantly specialised bins and waste vessels) to maintain safe, efficient and continuous plant operations.
- Supporting fuel weighing and barcode recording operations.
- Enact and adhere to operational Standard Operating Procedures (SOP)s.
- Maintaining a clean, safe and orderly plant condition to the prescribed standard.
- To understand and comply with all Health, Safety and Environmental Policies and Legislation.

Qualifications/Experience/Skills:

- Mobile plant operator experience is essential, tug \ shunter vehicle and forklift truck.
- Knowledge and experience as a yard operative – in an industrial \ factory environment would be advantageous.
- A strong appreciation of and regard for Quality, Health, Safety and Environmental matters is essential.
- A flexible working attitude and a strong team working approach are essential – you must be willing to maintain the process as the situation requires, in accordance with Quality, Health, Safety and Environmental requirements.
- Good communication skills.
- Basic IT and paperwork skills.
